We have all come a long way since the first
few days here at Wachusett.

We've left the 90's behind and have
entered the new millenium.

Our years at Wachusett will always be remembered.

From the confining halls of the dungeon to our
Senior parking priveledges,

we have grown in more ways than one.

During the next few years we will all
go our seperate ways.

Some of us will attend a four year college,
while others will move on to the working world.

No matter how different our lifestyles will be,
we always have something in common with each other.

Our friendships that we have made,
our many experiences as students,
and our academic accomplishments
will never be forgotten.

Oh, the Places We'll Go
will approach us at high speeds.

"Life is like holding a hand of cards, it's all about how you play them."

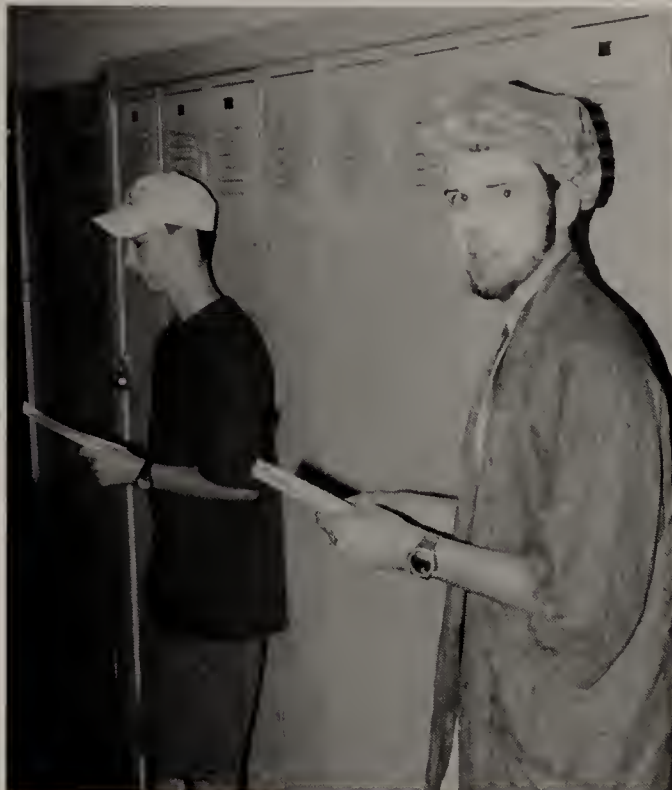

"The Purple People Eaters", Class of 2001 parade down Main Street on Homecoming Day.

Middle Left: Marques Bostic and Courtney Thibadeau are getting close before class.

Middle Right: Jayne Barroll, Beth Sullivan, Amanda Restell, Erin McCracken, and Mark Maier take a break from dancing the night away.

Bottom Left: "Oh no, Mr. Pedone's coming". Justin Warrington hangs out in his secret hiding place.

Bottom Right: "Help. I can't find my arms!" Jon Toomey takes a break during the play.

Cory Goodale, Kim Convery, Jon Kelly, and Greg Gerardi hide the mystery behind their smiles.

Below: Tah Dah! Liz Crimer and Adrienne Gulick present Mike Flanagan and Matt Janik as they brace themselves with the weight of Ben Burrows and "Henry" bearing down on their backs.

Bottom Right: Kerry Barry, Robyn Desmarais, Andrea McSherry, Leah Cataldo, Liz Simmons, Allison Murphy, Katie O'Brien, Michelle Bryan, and Lana Kieras are getting excited before their final game as Mountaineers.

Eliza Davis, Julie Lacey, and Jess Dolan show off their school spirit in hopes of keeping Wachusett alive.

Steph Hackler, Erin McCracken, Johanna Vostok, Natalie Erali, and Andrea Johnston are waiting for their dates before Winter Carnival.

Middle: Mike Cronin, Robyn Desmairis, Matt Granahan, Jen Batista, Tim Antonelli, and Mike Parker are eating in style.
Above: "I'm such a ladies man." Jason Palazzo hangs with his girls, Kelly Fullen, Lindsey Vaughan, Erin Graham, and Amy Lucier at junior prom.

Above: Geordie Sanborn and Brandon Houlihan sure know the meaning of Pajama Day!

As we travel further down
the long road of life, we shall
stop to reflect back on our four
years here at Wachusett.
Although our path has been bumpy
at times, we have learned from
the many detours along the way.

Some of us have sailed
through high school
without any problems,
while others have been
knocked off their path.
We are the first class
passengers of the
twenty first century.

Our journey in life
is far from over.

Oh, the Places We'll Go

will be numerous before we
will arrive at our final
destination.

Class of
2001

Senior Class Officers

Secretary: Ryan Brennan, Vice President: Katie O'Brien, Treasurer: Laryssa Ohlson, President: Andy Williston

This year, the senior class elected a core group of leaders from the past, as well as a newcomer as their president. From organizing the homecoming float to the senior prom, these four people have made our senior year unforgettable. Throughout the year, our class officers have dealt with many obstacles, overcoming them one by one.

The class advisors once again did a great job, helping to plan the many senior related activities. Without their guidance, we would have been lost. Their work is greatly appreciated.

The 2001 Class officers are a circle of friends, working together to keep their class united.

UNDERCLASSMEN

The last three years would not have been the same without the underclassmen.

Your participation in clubs and sports, and being a part of our every day life has added to our experiences at Wachusett.

In the upcoming years, you will exit the caboose and will move up to the front of the train. We wish you the best of luck on your future journeys. We would like to thank you for making our four years at Wachusett memorable and exciting.

FACULTY

Our journey through Wachusett would not have been possible without the great faculty and staff. The teachers have led the way, helping us receive the best possible education around.

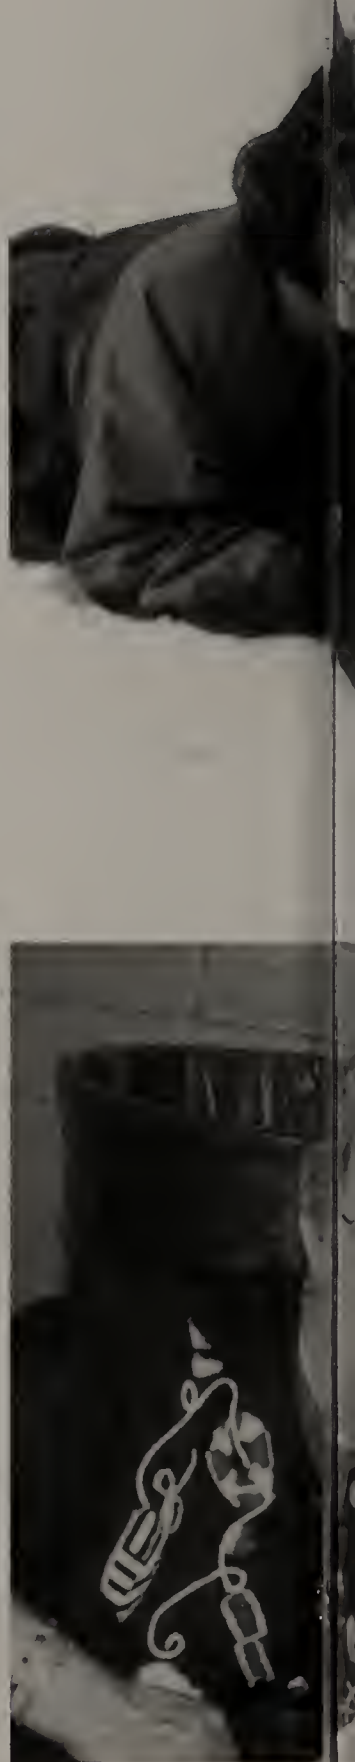

They have supported us and have guided us in more ways than one.

The faculty has always looked out for us, determined to open the doors to a bright future.

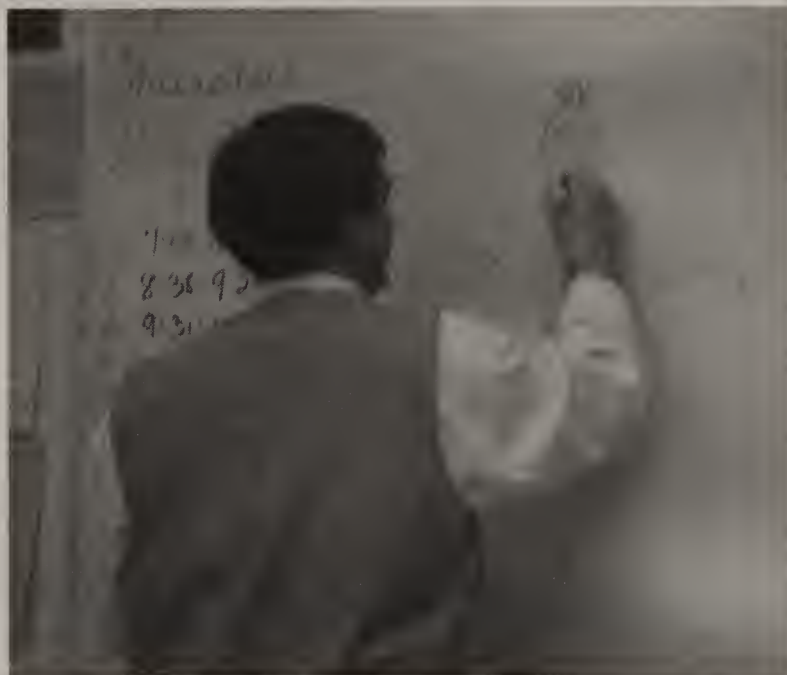

They have taught us how to succeed in life, both in and out of school.

We'd like to thank them for all their hard work.

Without them it would have been one long dark journey.

Dear Class of 2001:

I am pleased to have this opportunity to extend the best wishes of our school community to the members of the Class of 2001. You have passed through the halls of Wachusett during a time in which some have questioned the utility of our five-town confederation. The pages of the Landmark and the Worcester Telegram have been filled with angry debate and news stories about our failed attempts to build a new high school. I wish that these pages had been filled instead with the news of your accomplishments as a class because they have been many. I truly hope that the political controversy that has marked your four years here has done nothing to detract from the benefits of your attendance at Wachusett.

Wachusett Regional High School is a great school because we have an outstanding student body. Year after year, great students graduate from our school. But each class has a special quality about it and the Class of 2001 is no exception. You have come together as members of the Wachusett community and have exhibited great level of cohesiveness and school spirit. The Class of 2001 has left a positive mark on Wachusett. Your attitude, effort, and achievement have made a difficult year enjoyable for this principal.

My best wishes to each of you.

Sincerely,

Thomas G. Pandiscio

Rules for the Road

"This is what you should do: Love the earth
and sun and animals,
despise riches, give alms to everyone that
asks,
stand up for the stupid and crazy,
devote your income and labor to others, hate
tyrants,
argue not concerning God,
have patience and indulgence toward
people...
reexamine all you have been told in school
or church or in any book,
dismiss what insults your very soul,
and your flesh shall become a great poem."

SPORTS

One of the greatest things about Wachusett is the variety of sports teams that are offered.

The great fans and the mascot added excitement to the games in the fall, winter, and spring.

All the athletes have worked hard, practicing day after day, striving to do their absolute best.

There were some teams that won every event, while others only saw defeat.

Despite their records, the athletes never gave up, and always showed their Wachusett spirit.

Erin Bednarek and Leandra Smollin, who were also seniors, helped lead this team in a successful season of (record) We will never forget tying rival Notre Dame 1-1, and beating Fitchburg 3-0 under the lights. Our Wachusett field hockey team was the first in the school's history to play a night game on the football field. We'll always remember lip synching at the spaghetti dinners.

The 2000 football cheerleading squad jumped, tumbled, stunted, and cheered their way to the top, being the first Wachusett team ever to qualify for a spot to compete at the National Competition in Florida. Captains Meg DiPerri and Tara Noyes set the pace leading their team to a 3rd place finish at Hudson Invitational and 2nd place at Regionals. Other senior members include Jess Taylor, Jen Batista, Shannon Mooney, Liz Foss, Emily Gilbert, Erin Graham, Brianna Burke, Sarah Bayrouty, and Ashley Griffin-Long. We will always remember Bayrouty's black eye and stuffing Jess with pom-poms. "Girls, if you hit it you can go home."

The 2000 to 2001 season was a success both on and off the ice. While the players refined their new plays with their new coach, the cheerleaders pumped up their cheers to get ready for a truly memorable season. Their dedication to each other and the team made the season both enjoyable and rewarding. Posters and flyers covered the halls and the school's spirit grew. The team didn't disappoint their fans or squad by having a wonderful season. Both players and cheerleaders made their captains and coaches proud. Best of luck to all members who have moved on this year, you will be truly missed.

EVENTS

The many events have been the highlight
of our times here at the regional.
From spending many hours on the Homecoming
floats to getting dirty in the mud on
Mountaineer Madness,
we have all had the time of our lives at these events.
Dances, class trips, plays, and award ceremonies have
shown us what Wachusett has to offer.
The different events over the years have
taught us about ourselves ,
and have allowed us to shoot for the moon.

Parade & Dance

The annual Main Street parade was a colorful event. Surprisingly, the "Tropical" freshmen came out as the winners, followed by the Purple-People-Eating seniors, the Yellow Sophomores and finally, the Junior Blue Men. To conclude our Homecoming weekend, the Homecoming dance was held Saturday night in the gym. Although the setting was a little too bright and few were there because the MixFest concert was held the same day, the dance was very memorable for those who attended. We seniors will never forget "that lovin' feeling."

Every winter the foreign language department unites to recognize those students who have been outstanding in their academic performance. Graduation

■ ■ ■ June 9, 2001 ■ ■ ■

Below: Rob Beer gives us one last smile before accepting his diploma.

Welcome Address
-Andrew Williston

"In reality, the year 2001 truly marks the end of 2000 years of modern history... This means that the year 2001 indeed marks the start of a new millenium...What does that mean for us? It means we, the class of 2001, are truly the first class of the new millenium...So now that the truth is known by all here today, I'd now like to welcome everyone to the commencement ceremonies for WRHS's first graduating class of the new millenium."

"The Rabbit and the Mouse"
-David Petrucelli

"There was once a briar patch. This briar patch became the home of a rabbit and a mouse.. The mouse asked the rabbit, "Why do you toil so, my friend?... The rabbit responded, "I do not regret working so hard for my garden...I would rather regret something I did do than regret something I did not do" ...There is no need for regrets- things that have happened have happened, and no amount of worrying can change that...The mouse once again asked the rabbit, " ...have you learned anything from our experiences?" The rabbit responded, "Yes...I am going to grow a garden again."

"Our Blueprint"
-Katie O'Brien

"It was September 1997, when nearly four hundred new students walked through the doors of WRHS for the first time. We were 5 groups categorized by town, of disorganized, frightened and anxious freshmen, all of us unsure about what lay ahead... Within the walls of Wachusett, we have grown from nervous freshman to confident young men and women... But as we prepare for the move, we know that we are leaving not as 5 small groups of freshmen, but as one solid group united by title: The Graduating Class of 2001."

Left: Matt Granahan is now truly a superstar.

Below Right: No tears were shed by this happy graduate. Emily Gilbert is full of cheer.

"Where the Sidewalk Ends"

-Deborah Kerr

"In the words of Shel Silverstein, 'There is a place where the sidewalk ends, and before the street begins.' We are facing a time in our lives when we are stepping off of the familiar and onto the unfamiliar...Whatever we do, it is our decision. It is our time to find our place in the world, find our independence. We don't know what lies around the corner, or down the alleys, but it is all waiting for us to discover...And maybe, just maybe, after we've been on the streets for awhile, we can revisit the sidewalk of our younger years...Remember the things that have helped you grow on the sidewalk...This is the place where the sidewalk ends, and before the street begins."

"Congrats Superheroes"

-Johanna Vostok

"Da da da! Out of nowhere swoops Superman, flying through the air in his blue spandex and bright red cape. It wasn't until this year, my senior year of high school, that I turned my back on Superman, realizing that 'I' could not save the world. One single effort and mind cannot achieve heroism alone. Sidekicks are a must...You can't become a hero until you believe you are a hero. And once you believe in ourself, the sky's the limit...We all have superpowers, and we all have the potential to be as much a hero as Superman."

"Snoogins"
-Ian Callahan

"People are always telling us that these are the best years of our lives. While they are certainly years to be remembered and cherished, whether or not they are the best of our lives is completely up to us...I'm not saying "BE DIFFERENT," I'm saying "CHOOSE what your life becomes." ...Remember "Choose your own adventure" books? When I read them I would always skip ahead and see what the best choice was then go back and pick it...Well I suppose life is a bit like that. Except you don't get to read ahead...or go back when you screw up. And you also need courage in the real world...our high school selves are just a shadow of what we can become."

CLUBS

Whatever your interests may be, you can always find a club to join at Wachusett.

The clubs have taught us a lot about team work, dedication, and what being a team member is all about.

Some of us have proven our chess skills, while others have reached out to others.

The variety of clubs has allowed every student, despite their differences to participate and become an active member of an organization.

Whether in the arts, student council, literary groups, or honor societies, we have made a difference in the Wachusett community.

Ian Duffy

"W.R.H.S.S.C., the greatest show on Earth."

Members of the student government play an active role in the Wachusett community. Student council representatives sponsor many school wide functions such as this year's Homecoming activities, while the class officers look out for the well-being of the individual classes. The senior class officers have worked hard to make sure that senior year was the best that it could be. The officers helped organize all senior activities, from the senior class breakfast to the prom. Without the support of the student government, WRHS would not be the school that it is today.

The World Around Us

Many clubs here at Wachusett have chosen to step outside the realm of our school and, in some cases, our country. Members of Oxfam America and Student Crossing have decided to reach out and make a difference by donating time and money to those in need. Other organizations strive to learn how things are run in today's society. Model UN and Close-up participants simulate real world problems in hopes of finding a valid solution. Those involved in DECA focus on our own economy and marketing strategies, while ECHO reporters relay the happenings in the community and world around us.

Societies: Home and Abroad

These exemplary students deserve all of the recognition they are given. For all of the honor societies, one must maintain a high average, as well as pass an application process, in the case of NHS. Our NHS members are very active in serving the surrounding area, giving back to our communities. For those students who wish to explore foreign cultures in greater depth, there are the foreign language clubs. In some of these organizations, students participate in an exchange with student from other countries. This gives the students a chance to experience first hand what other cultures are like.

WRHS Music

*Music: The art or science of harmonic sounds; harmony or melody
-Webster's Dictionary*

Wind Ensemble Officer
Jenn Laing

"As Ms. Jensen says, 'We play for the music, not the medals.'"

Wachusett has always been known for its outstanding music department, and this year's talent is no exception. With seven different instrumental ensembles, from Jazz Band to Flute Choir, there is something for everyone's taste. Many of these musicians were accepted to the Central District and Quabbin Valley Music Festivals to represent our school. These bands also performed in many school sponsored concerts including the Holiday and Spring Concerts.

And the Band Played On....

*Band: A group of musicians united together
to perform a written score
-Webster's Dictionary*

**Flute Choir Member
Elizabeth Olds**

"Flute Choir- just when you
think it's all over, there's still
more music."

Though different in form and function, all of the bands and choirs at Wachusett have one common purpose: to make music. Music is something to be enjoyed by both the performer and his or her audience. While the members of the WRHS choirs do not play instruments, they still bring music to life through song. This year, many singers participated in the Quabbin Valley Music Festival, representing WRHS.

Creative Minds Think Alike

Creativity can be expressed through many outlets. Music, theater, and writing are just a few of the areas that reveal the creative minds of WRHS. Clubs such as Drama Club and Creative Writing allow their members to show off their unique and original ideas and talents. Humanities students attend lectures throughout the year, culminating what they've learned in an imaginative presentation. Members of the Health Troupe travel to various elementary and middle schools, performing educational skits. All of these organizations give their participants a chance to showcase how creative minds think alike.

Welcome To The Arts

Another aspect of the WRHS community is its artists. Members of the following clubs aid in the decoration of the school, and make it beautiful, whether it be by greeting people and helping them in the Media Center, or actually making fine pieces of art. Those included in the Stained Glass Club, for example, learn the art of shaping and putting together glass to make wonderful works. Fashion Club not only learns how to make clothing, they also learn the importance of the textile industry. The members of Bowes Gallery manage the front showcase for local artists and even themselves.

Art: The creation of beauty in literature, painting, music, dancing, etc.

It's All Fun and Games

Fun: sport, mirth, amusement, play
-Webster's Dictionary

Science Seminar Member Noah Gardener

"One can sum up Science Seminar in three simple words: Cool Kids Club. I mean where else do they let you play with liquid nitrogen?"

Now for the lighter side of Wachusett, there are the less serious clubs. For example, Gamers concentrate on playing strategic games, as does Chess Club. Even though these students enjoy deep thought processes, they also enjoy in merrimaking. Along the same lines, Frisbee players have fun participating in tournaments, and do quite well! On the other hand, there are the science clubs, such as the Vernal Pool Club, which indulge in the curiosity of what lies within a small ecosystem. Science Seminar (a.k.a. Cool Kids Club), helps to educate those students in a variety of Science-type knowlege.

Helping Hands

*Help: to aid, as to help a friend
-Webster's Dictionary*

Peer Ed Volunteer

Ryan Brennan

"It's been a great experience guiding younger students through these uncertain times."

The entire Wachusett community does everything in its power to help those around them. These are the clubs that lead them. Peer Education members visit the surrounding middle schools to give words of advice to younger students. Members of the Mountaineer Volunteers help out by raising money and collecting supplies for local causes. Within the walls of WRHS, students help their fellow students with anything that they may need, may it be help with their homework or just someone to talk to. Best Buddies encourages friendship and tolerance - not to mention fun!

Loving you is easy

We can bring so many blessings
Into our lives just by realizing
That it is never too late. Before
You turn the page on this day,
Make a pact with yourself to
Untie the ribbons and open the
Gifts we are given in this life. Do
Ordinary things in extraordinary
Ways. Have health and hope and
Happiness! Live a full life on this
Earth, understand your real worth,
And wish on all your stars.

And don't forget, for even a day,
How very special you are.

-Douglas Pagels

(We are) so glad that you are here -
It helps (us) to realize how beautiful
(Our) world really is.

- Goethe

There are choices ahead which could change your life,
Unfortunately, there aren't any crystal balls to provide
The answers, telling you where to go or what to do. But
It is true that centuries of wisdom have never improved

On this advice:

Just Listen to your heart.

Tall, handsome, compassionate, smart.

Nice traits, this lovable man of music and a good heart.

Fair manner profiles the "most valuable" adolescent.

Colophon

The **Mountaineer** is an annual publication by the Yearbook staff at Wachusett Regional High School, 1401 Main Street, Holden, Massachusetts 01520. The towns served by the high school are Holden, Paxton, Princeton, Rutland, and Sterling. The book was distributed to the class of 2000 at a class social held in mid August of 2001.

The book was printed in Winston-Salem, North Carolina at the Jostens Publishing Division. The press run was 550 copies. The cover was designed for our staff by Rick Brooks of the Creative Resources Department of Jostens. Additional art for the book was created by Marylee Helms of the Creative Resources Department of Jostens.

Our cover is a school-designed Truelife Combo lithograph. The base material cover is Grain (#1190) with the background of Foxfur and the addition of mix-to-match inks. The litho-process cover has film lamination for protection. The trim size is 8.5 by 11 and Smythe-sewn. It is wrapped around 120-point binder's board. The school follows the Accent Program. The front and back endsheets are from the Cross Point paper.

The paper used throughout the book is 80 pound gloss, printed with standard black ink. Thirty-two pages were printed using the standard four color process. The font used as the major type style is Palatino. Other assorted type fonts were used at the discretion of the page editor.

A current events supplement, **World Beat** (produced by Jostens) has been sewn in at the end of the book after page 288 followed by a special **Millennium Review**.

Senior portraits were taken by **Wayne Myers** and his associates of **Myers Studio**, Sterling, MA, the designated official yearbook photographer. (Other professional photographers did some of the senior portraits.) Athletics (both team and candid), clubs organizations, faculty, and major school events were photographed at no charge to the yearbook by **Myers Studio**. The studio also generously provided the yearbook staff with film, developing, and equipment at no additional cost. Additional athletic, event and candid photographs were taken by members of the yearbook photography staff as well as donated by various members of the class of 2001, and their advisors. **O'Connor School Portraits** photographed the underclassmen for student ID's and made these photos available to the yearbook staff at no cost.

The approximate cost of printing the book is \$35,000. This figure includes publishing costs, freight charges, shipment of materials to North Carolina, color candid photography expenses (purchase of film and developing costs), and other supplies. The per copy cost to the public is \$50.00 plus tax. Monies are raised through an assessment to the Senior Class per student, a parent ad and patron/sponsor solicitation campaign, and the proceeds from two soda machines in the gym corridor. These 288 pages are representative of the entire Wachusett student body and their community.

Special Thanks!!!!

As advisor to the *Mountaineer* it gives me great pleasure to be able to acknowledge a number of very special people without whom this book could have not been finished.

Many, many thanks go out to Wayne and Bev Myers of **Myers Studio** for their time and commitment. Wayne and his staff could be counted on for professional and prompt production of the essential photographs needed throughout the book. Your time spent during your evenings and on weekends at sports banquets, proms, graduation, and the numerous extracurricular activities held throughout the year is much appreciated. An extra special thanks to Bev for her acrobatic stunts on the lift for the last minute 2001 photo - way to go Bev! This year was the first to use full color photos for the senior portrait section and Myers quality made this an easier task. It is my hope that the senior classes will continue to support **Myers Studio**. It is their commitment that enables us to produce a fine quality book of which both the staff and the Wachusett community can be proud.

Secondly, thanks go to Arnie Lohmann, our company representative from Jostens Publishing. In addition to technical and artistic support, Arnie is a strong moral support for our entire staff. Also from Jostens, we thank Rick Brooks, from the Creative Resources Department, for his creation of the cover design. His wit, humor, and patience turned our, at first, chaotic shouts and suggestions into another masterpiece.

In her second year as Financial Advisor, Donna Bradway once again kept us on the straight and narrow. Thanks you so much for all your time and effort and phone calls during a hectic bidding year as well as for your organization of all the parent ads and marketing details. Your attention to detail, financial wizardry, and patience helps more than you know.

Additional thanks go out to the many Wachusett staff members who help all year behind the scenes. First, we thank the Special Ed. department and their student workers for their constant attention to our soda machines, a major fund raiser for the book. We thank Amy Kathman, Della Ritland, Donna Laramée, and Ginny Belcher for helping us with class, staff and club lists, school activity schedules, and Guidance News articles. We also need to give a huge thanks to Senior Class Advisor, Denise Aldrich, for her generous donations of photos used throughout the sports and events sections. And, as always, thank you to Maura Goddard for her help in meeting deadlines, checking proofs and working with the parent ads.

Last but certainly not least - MY STAFF!!! It's the opportunity to work with young people like you that make it all worth while. I begin with our Editor-in-Chief, Erin McCracken, who touched, proofed, finalized more pages than any other staff member. Thank you Erin for your attention to detail and consistency that is especially needed in such a large publication. Secondly, I thank Margaret, who was there to sweat out every deadline and brought sense and order to an especially chaotic sports section with the help of Amanda P. who also helped wherever else I needed her. As a valuable member of the editor team, Scott was also a key in keeping things rolling and always organized. A round of applause to Deirdre and Ashlee who had the extra challenge of creating the first full color senior portrait section. For one of the most organized and well thought out clubs section I have seen yet, high fives go to Laryssa and Amanda K. The events section is always a challenge at a school as active as Wachusett and I thank you, Julia, for stepping in and taking over. You managed each deadline with exceptional creativity and thoroughness to ensure that the memories of the year were preserved for all. Amanda R., you were not only dedicated to your own section, but also put in many hours helping anyone who needed it while bringing humor and a smile to each deadline. To my underclassmen, Deirdre, Amanda, Kelsa and Kate, great job girls. I look forward to working with you next year. Your talents will be in high demand. Finally, to our extra dedicated staff members, Staci, Beth, Andrea, who were there every week with a positive attitude and energy to work on whatever projects we gave them as well as Kerry, Kate, and Carolyn who not only helped at weekly meetings but gracefully took over our photography department with great results.

To the class of 2001, please know that without the hard work of the people mentioned above as well as the additional staff mentioned on pages 246-247 this yearbook would not be in your hands right now. Please take a moment to give them thanks. Years from now you will realize what all their sacrificed weekends, vacations, sleep, study halls and social lives meant. Enjoy your memories!!!

Thanks for everything,
Lynn M. Leschke, *Mountaineer* Advisor
